Who is your inspiration/motivation? **Knowing that I can change the lives of my family & myself. And at the same time, doing what I love to do more than anything.**

What motivates you? **My drive & my confidence. I know my mom's looking down on me so I gotta make her proud !**

What was your turning point? **When I saw how people receive me. They always encourage me to keep going & to me, there's no better feeling than that so I turned it to another year & never looked back.**

What is the legacy you want to leave? **I want to be known as a globally known R&B Soul Singer/ Actor; who was always true to himself & true to his fans. Great father as well, (when that time comes).**

What is an Underdog to you? **A person or group of people who aren't known by as many people. Potential "diamonds in the rough." I see myself as a diamond in the rough.**

What does success look like? **Success to me is when you have captured whatever it is that you love to do most, and take it to its' maximum ability. In other words, to be doing what you love most, for a living to provide for you & your family. You're never working when you're doing what you love. That's what I encourage all people to focus on.**

"I didn't choose the cards that life has dealt me, but I will play them to my advantage."
